

# *Improving Water Quality through Backyard Conservation*

A free workshop offered by the Hamilton County Soil & Water Conservation District, Carmel Clay Parks & Recreation, and Williams Creek Management

**What:** A free, public workshop featuring presentations on rain gardens, water edge enhancements, rain barrels, nutrient management, and much more!

**When:** Thursday, July 10th, 6:30-8:30 p.m.

**Where:** Carmel West Park  
2700 W. 116th Street  
Carmel, IN

Carmel • Clay  
Parks & Recreation

Come learn about Hamilton County's Backyard Conservation Program and discover how you can improve our water quality through simple conservation practices. By making a few, small changes in the way you manage your backyard, you can make a big difference in the quality of Hamilton County's valuable water resources!

**RSVP to:** Hamilton County SWCD  
317-773-2181 ext. 101
